Describe
This Symposium is part of the EACMFS 2018 Congress, held in Munich, Germany. During this session, you will learn more about Virtual Surgical Planning (VSP) in orthognathic surgery for the benefit of the patient. We will cover topics such as how VSP can fast-track the solution for the patient and the benefits of having the right partners in planning.

Date Thursday, 20 September

Time 12.30h - 14.00h CET

Location Holiday Inn 2A
